

Radiologist – Diagnostic

The Fraser Health Authority Regional Department of Medical Imaging is seeking two full time General Radiologists to serve a regional care hospital (Abbotsford Regional Hospital and Cancer Agency) and four community hospitals in the Fraser Valley area of British Columbia (Chilliwack General, Langley Memorial, Mission Memorial and Fraser Canyon Hospitals).

This is a permanent position. The successful applicants will be expected to provide diagnostic medical imaging at all sites in general Radiography, Fluoroscopy, Ultrasound, CT, minor procedures and MRI. In addition, the successful applicant will:

- participate in the on-call schedule,
- demonstrate an affinity for team work

Radiologist services at all the above hospitals are provided by members of Valley Medical Imaging (VMI), a dynamic group practice in the Fraser Valley. This 28 member group also serves Valley Medical Imaging clinics in Langley, Abbotsford and Chilliwack. There are modern, vibrant, fully digital clinics (visit www.valleymedicalimaging.com).

The position offers competitive remuneration.

Applicants should be eligible for a full license with the College of Physicians and Surgeons of BC and have FRCPC in Diagnostic Radiology.

Please submit a cover letter, detailed curriculum vitae, and reference letters to physicianrecruitment@fraserhealth.ca.
