

# **Radiologist - Summer Locum: Lower Mainland, BC**

**June to September 2019**

Pacific Medical Imaging (PMI) is seeking a Summer Locum, to join a dynamic group practice in Metro Vancouver. This 20 member group serves a tertiary care hospital (Royal Columbian Hospital), a community hospital (Eagle Ridge Hospital) and a community imaging clinic (MedRay Imaging). Royal Columbian Hospital is a busy site situated in New Westminster and is a major referral centre for trauma, neuroscience and cardiac services. Eagle Ridge Hospital is situated in a beautiful and rapidly growing suburb of Port Moody. MedRay Imaging is a modern, vibrant, fully digital clinic in Coquitlam and contains a MRI unit, a screening mammography centre and a Pain Management Clinic. Visit [www.medrayimaging.com](http://www.medrayimaging.com).

The successful Candidate:

Will be expected to provide diagnostic medical imaging services at RCH and ERH in General Radiography, Fluoroscopy, Ultrasound, CT, and MRI. Potential for a half day Saturday shift at MedRay.

We have up to 15 weeks available, June to Sept 2019, we are flexible on the number weeks and days per week. Ideally the locum would be available for 1 in 16 call shifts but not required. Call is linked to a 2pm to 10pm evening shift.

Must be eligible for FRCPC registration in Radiology and full licensure with the College of Physicians and Surgeons of BC. Fellowship training is an asset.

Must fulfill the requirements of the Fraser Health Authority (FHA) Medical Staff Bylaws and Rules, maintain staff privileges, maintain medical licensure and malpractice insurance, and undertake a reasonable amount of continuing medical education.

Please send cover letter and CV to Linda Kiilerich at [linda.pacificmedicalimaging@gmail.com](mailto:linda.pacificmedicalimaging@gmail.com).
