

Radiologist - Non-Interventional Neuroradiology

The Fraser Health Authority Regional Department of Medical Imaging is seeking one full time Radiologist with sub-specialty training in Non-Interventional Neuroradiology to serve Abbotsford Regional Hospital and Cancer Centre (ARHCC), a regional referral hospital. This position will also provide service at Langley Memorial Hospital, Chilliwack General Hospital, Mission Memorial Hospital and Fraser Canyon Hospital.

The successful applicant will be expected to provide diagnostic medical imaging at all sites in general Radiography, Fluoroscopy, Ultrasound, CT, minor procedures and MRI. In addition, the successful applicant will:

- participate in the on-call schedule,
- demonstrate an affinity for team work

Radiologist services at all the above hospitals are provided by members of Valley Medical Imaging (VMI), a dynamic group practice in the Fraser Valley. This 26 member group also serves Valley Medical Imaging clinics in Langley, Abbotsford and Chilliwack. There are modern, vibrant, fully digital clinics (visit www.valleymedicalimaging.com).

The position offers competitive remuneration.

Applicants should be eligible for a full license with the College of Physicians and Surgeons of BC, hold FRCPC in Diagnostic Radiology and have Fellowship training in Non-Interventional Neuroradiology.

Please submit a cover letter, detailed curriculum vitae, and reference letters to physicianrecruitment@fraserhealth.ca.
